Notes

- The quarterly report provides a basis for informing the market how the entity's activities have been financed for the past quarter and the effect on its cash position. An entity wanting to disclose additional information is encouraged to do so, in a note or notes attached to this report.
- The "Nature of interest" (items 6.1 and 6.2) includes options in respect of interests in mining tenements acquired, exercised or lapsed during the reporting period. If the entity is involved in a joint venture agreement and there are conditions precedent which will change its percentage interest in a mining tenement, it should disclose the change of percentage interest and conditions precedent in the list required for items 6.1 and 6.2.
- Issued and quoted securities The issue price and amount paid up is not required in items 7.1 and 7.3 for fully paid securities.
- The definitions in, and provisions of, *AASB 1022: Accounting for Extractive Industries* and *AASB 1026: Statement of Cash Flows* apply to this report.
- Accounting Standards ASX will accept, for example, the use of International Accounting Standards for foreign entities. If the standards used do not address a topic, the Australian standard on that topic (if any) must be complied with.

ADDITIONAL INFORMATION

29 October 2010

The Company has a number of potential joint venture partners and direct equity investors seeking to invest in the exploration and development of the Company's coal exploration projects. During the quarter the company completed further evaluation of the tenements with a view to maximising the return for shareholders in the course of negotiations.

The proposed drilling program on EPC 1827 has been deferred because a number of interesting development opportunities have surfaced following the settlement of MacCarthur Coal's acquisition of the adjoining MDL162.

Blackwood Resources Pty Ltd have made a further instalment payment on their agreement.

The forthcoming Annual General Meeting will seek shareholder approval to enable it to raise additional capital from potential joint venture partners. The directors consider this to be an important step that will enable the Company to undertake it's exploration program and maximise the shareholders return from the tenements.
