

ASX RELEASE (ASX: AQC)

Australian Pacific Coal

Quarterly Activities Report for the period ended 31 March 2021

Dartbrook Mine

Modification 7 Appeal

As previously disclosed, the Board of Australian Pacific Coal Limited (ASX: AQC) resolved to lodge an appeal against the determination made on 9 August, 2019, by the NSW Independent Planning Commission (IPC), acting as the delegate for the Minister of Planning, Infrastructure and Environment (MPIE), with respect to AQC's Modification 7 Submission.

AQC previously announced that it had reached agreement with the NSW Minister for Planning and Public Spaces in the Land and Environment Court proceedings the Company has commenced about the determination of its application to modify the development consent for the Dartbrook Coal Mine. As announced such agreement only becomes effective, and the development consent is only modified, once the Land and Environment Court disposed of the proceedings in accordance with the agreement.

As previously reported, subsequent to reaching agreement AQC received notice of a proposed application by the Hunter Thoroughbred Breeders Association (HTBA) to join the proceedings. Judgment on the HTBA's application was delivered on 20 November 2020 and the HTBA has been joined to the proceedings on a limited basis. AQC announced on 11 January 2021 that it had made application seeking leave to appeal the decision of the Land and Environment Court to join the Hunter Thoroughbred Breeders Association to the proceedings.

On 27 April 2021, AQC announced that the application for leave to appeal was heard by the NSW Court of Appeal. Judgment has been reserved with further updates to be provided when the judgment is delivered.

As advised, as a consequence of the HTBA being joined to the proceedings the agreement with the NSW Minister for Planning and Public Spaces under s34(3) of the Land and Environment Court Act 1979 cannot become effective.

Corporate

As previously reported, AQC has commenced a strategic review including of its Dartbrook Project, with such review including the proposed coal mining operations at Dartbrook and associated assets (including freehold land and any water rights). The review aims to consider and assess all available options for AQC, the Dartbrook Project and shareholders and has currently considered the disposal of non-core mining assets at the Dartbrook Project where it has executed contracts for the sale of land and water rights for ~\$3.3m. AQC will update shareholders on the outcomes from the strategic review as matters progress.

At quarter end the Company held \$0.34 million in cash reserves. Funds during the quarter were primarily used to progress the modification appeal (\$0.28 million), care & maintenance holding costs (\$1.3million) and corporate administration (\$0.32 million). The Board continues to evaluate the short-term cash flow requirements of the Company.

The Company's accompanying Appendix 5B (Quarterly Cashflow Report) includes an amount in item 6.1 of \$129k which constitutes executive and non-executive directors' fees paid during the quarter.
